THURSDAY NOV. 2 1911

The Journal has several times defined its position relative to the election on next Tuesday. We voted in the primary in good faith expecting in event the men of our choice were defeated to support their more successful opponents and with the conviction that all other Democrats would do likewise. We are the more convinced that such is the only proper course because each and every nominee is a good and capable man well fitted to discharge the duties of the office he seeks and several of whom have served the public faithfully for years. There is no escaping the fact that men who voted in the primary are morally bound to support its nominees an obligation which is strengthened because there is no good reason for doing otherwise.

Voters should not only recognize this obligation but should see that it is discharged by going to the polls on Tuesday and voting as their consciences dictate.

WE have never believed in bringing personalities into politics and for that reason while we have never hesitated to criticize the present member of the Board of Supervisors, Captain James P. Thurston, we have always been careful to explain that the criticism had reference to his policies as a public servant and not to him as a man. We confess therefore to some surprise that while attending an oyster supper at North on Thursday evening with the idea of patronizing a worthy cause that we should have been severely criticized for a letter appearing in the Mathews Journal of last week, signed by the Westville District School Board asking the voters to vote against Capt. Thurston on account of his attitude toward public schools.

Whatever is our share of the responsibility for this letter, we very cheerfully accept; certainly the letter was justified in the light of present conditions, but be that as it may, the article referred only to Captain Thurston as a member of the Board of Supervisors and could in no way be deemed sufficient excuse for a personal attack upon the writer before an audience known to be antagonistic to certain policies of the school board, most particularly as to the erection of a high school at Mathews C. H. Such action might be considered good politics but scarcely good taste. It shall however, not cause us to vary from our usual course of declining to deal in personalities except to what extent is necessary for defense.

The office of trustee was not sought by any member of the Westville School Board nor is it sufficiently lucrative to make it desirable. In holding then this position which entails much responsibility and more criticism than can be actuated solely by a sincere desire to be of service to this people. So long as they continue to hold this office, and we believe that we can with safety speak for the rest of the board, they will take such action as they conscientiously believe to be for the best interests of the schools in this district. In working to this end they have been constantly handicapped by lack of funds caused to a great extent by the failure of our present Supervisor to raise the district levy. They knew of no better way to place the situation before the people than that which they adopted last week.

We are aware of having committed no crime other than having disagreed with and opposed Captain Thurston and exercised our right as free American citizens to publicly voice our disapproval of his policies as Supervisor.

We are of course aware that it is popular to say to the people that your taxes ought not to be raised but we are among those who maintain that the educational welfare of a man's

son is of more value to him than a dollar in his pocket. In the course of time all the people who will allow themselves to think upon this subject without being biased by some personal matter will see that we speak truly.

In beginning to improve the schools we saw fit to begin at Mathews C. H. not only because a good school was badly needed here but because being centrally located it was the best place for a high school. This action was taken with no desire to discriminate against any part of the district, nor has it been allowed to work injury to any section.

The board have doubtless made mistakes and will doubtless make others but they were honest mistakes. To the public in whose behalf we labor we look for the ultimate vindication of our policies knowing that our skirts are clear of intentional wrong doing. We know of no obligation of guardianship to be exercised upon us by the Board of Supervisors nor can we see how mistakes on our part justify Captain Thurston in denying the needs of the children of this district. However the matter is with the people, all that was asked by the school board in their letter and all that we ask now is that the people think about these matters and vote as they think right.

A Card

Editor of Journal—

As a close competitor for the honor of being the Democratic Nominee for the House of Delegates I feel that it is not out of place for me to use your columns to urge the people to give hearty support to the declared nominee of our party Mr. J. T. Christian.

This is not the time for us to consider personal interest or prejudice, but the interest of the party. Certainly not now when the future of Democracy looms up so bright. For I believe that in the present political unrest and dissatisfaction in the nation, the people are turning to the great principles of Democracy as the only solution. So that it is the more incumbent upon us to see that we do not forget the duty we owe the party. And I ask every friend and supporter of mine in the primary to vote the party ticket.

Respectfully
Julius Healy

Fair at Kilmarnock

(Airship to Fly)

Mr. O. O. Rhea, the well known lightning rod agent of Mobjack has charge of the Kilmarnock Fair this year and it will be the greatest in its history. Annually large number of good horses are entered for the races among them several from this county and an aviator has been engaged who will soar in his airship for the entertainment of the crowd. The fair begins on November 8th.

Public Speaking

In addition to the appointments announced last week Messrs G. E. T. Lane, L. C. Garnett, J. Boyd Sears, Col. J. R. Saunders and Major J. N. Stubbs will address the voters of upper Mathews at Blakes, on Friday night Nov. 4th. Messrs Garnett and Sears will also speak at New Point, at Mr. John Davis' store, on Saturday night, Nov. 4th.

Oyster Supper Successful

The oyster supper held at North on last Thursday evening was well attended and quite a nice sum was realized toward completing the new hall. A number of the candidates addressed the crowd and were cordially received. Among them were Messrs J. T. Christian, L. C. Garnett, J. P. Thurston, A. C. Winn, W. E. Marchant, N. E. Miller and W. L. Smith.

Corner Stone Laying

The corner stone of the new high school building here was laid with impressive ceremonies by Oriental Lodge No. 20, A. F. & A. M., on Tuesday. Music for the occasion was furnished by the ladies. Immediately after this ceremony dinner was served by the ladies, and a very fine one it was and greatly enjoyed by the large crowd. Quite a nice sum was realized through sales and contributions about \$100.00.

Dinner concluded, Mr. L. C. Garnett called the crowd to order and after a brief but appropriate speech introduced Rev. George Gowen, as the speaker of the day. A finished orator as well as a forcible speaker Mr. Gowen on this occasion ably sustained his reputation. His appeal for higher and better educational advantages and his argument in their behalf could not fail to impress any audience of intelligent people. He was followed by Hon. J. Boyd Sears who, as is his custom, made a finished and eloquent speech. Though the school officials were sorry that Gov. Mann could not be present, the crowd suffered in no way for lack of entertainment.

The new building which is nearly completed seemed to compel the admiration of all comers and will be a great addition to the educational equipment of this county.

Candidates Cards

(Continued)

To the voters of Piankatank Magisterial District—

I respectfully announce myself a candidate for Supervisor for the Piankatank Magisterial District.

It has been said by one of the candidates for County Treasurer and published in this paper a few weeks ago, that the County of Mathews has a large surplus, money for which the County has no immediate use, and which I think is not necessary to maintain. You don't want to burden yourselves with a high rate of taxation to keep intact and unchanged such a large surplus, upon which interest may and probably does accrue to the credit of the Treasurer's personal account. The money extracted from you for that purpose had better remain in your own pockets. If there were no surplus, the greatly increased assessments on lands and buildings should make it incumbent upon the Board of Supervisors to reduce the County Levy, and such a reduction may be made without impairing or crippling the finances of the County.

There is some inquiry and some criticism with reference to the manner of working the roads and I wish to say that I shall endeavor to have the District road fund equally distributed among the different sections of the District, and to have the road fund judiciously and fairly expended and worked to the satisfaction of the people.

If it shall be your pleasure to elect me I promise to serve you faithfully and to the best of my ability, without fear or favor.

W. N. Trader

Hudgins, Va., Oct. 23, 1911.

To the voters of Mathews and Middlesex Counties—

Owing to the irregularities of the recent primary (Republicans voting, stuffing of Ballot Box, one man running for an office marking tickets in a booth) and knowing a great many people to be dissatisfied with such a result and being urged by many from Middlesex as well as Mathews, I announce myself a candidate to represent you in the next Legislature of Va.

I am in favor of best schools we can get and having as many high schools as possible. I am opposed to the breaking of the Baylor Survey in any manner. I am in favor of economy along all lines. My opponent is in favor of breaking the Baylor Survey because he has rented out public rocks that were proven to be in the Baylor Survey and after being fought in the courts for four years were turned out. He is not in favor of but one high school in each county and he has not paid one dollar of revenues collected to the District School Fund as the law gives him power to do.

The Democratic Committee refused to recount the ballots after a contest was entered, and two of the judges were on the Committee and voted against a recount. I have always been a true Democrat and would not consent to run if these things had not occurred. I therefore request all voters to inquire into the facts of this case and examine the two men offered before you and see which should represent the good people of Mathews and Middlesex. If you think Mr. Christian is the best man, vote for him but if you should elect me I promise to protect the interests of the people to the best of my ability and not to abuse the trust imposed in me. Let all voters consider carefully before deciding and if you are not satisfied, help to break it up by voting for me. If I am elected I shall be the representative of all the people.

Yours to serve

Dr. J. W. D. Haynes.

To the voters of the Chesapeake District:

Wonderful Praise Accorded Peruna the Household Remedy

Mrs. Maria Goertz, Orienta, Oklahoma, writes:

"My husband, children and myself have used your medicines, and we always keep them in the house in case of necessity. I was restored to health by this medicine, and Dr. Hartman's invaluable advice and books. People ask about me from different places, and are surprised that I can do all of my household alone, and that I was cured by the doctor of chronic catarrh. My husband was cured of catarrh of the stomach, and my son of catarrh of the throat. When I was sick I weighed 100 pounds; now I weigh 140.
